

## Glacier Bay National Park and Preserve **Be A Junior Ranger**

Junior rangers ask questions about Dungeness crab.

Are you ready for your Junior Ranger adventure to begin? Becoming a Junior Ranger is a special honor and there are some responsibilities that go with it.

- **If you come by plane or on your own boat:** visit a ranger and the exhibits in the Visitor Center on the second floor of Glacier Bay Lodge.
- **If you come by cruise ship:** look for someone wearing the badge and the ranger hat! Cruise ship children's centers offer a Junior Ranger Program over the course of the cruise. While in Glacier Bay, rangers present a special program to aspiring Junior Rangers.
- **If you come by tour vessel:** meet with the ranger on board to learn about Glacier Bay.
- **If you are a virtual visitor:** start learning all sorts of cool stuff about this national park right here.

First pick up or retrieve a Junior Ranger booklet. By completing the steps and presenting your work to a ranger, you can earn a nifty Junior Ranger badge. The world can always use another Junior Ranger!

### **Did You Know?**

There are no roads to Glacier Bay; you can reach the park only by air and water. Most visitors come to the park on large cruise ships.
